Level 3 – Abjuration
Casting Time: Action · Range: Self (30-foot Emanation)
Components: V · Duration: Concentration, up to 1 minute
Classes: Druid, Paladin

An aura of vitality radiates from you in a **30-foot Emanation** for the duration. When you create the aura, and at the start of each of your turns while it persists, you can restore **2d6 Hit Points** to one creature in it (including you).

The aura moves with you.

🎲 Quick summary:

1. You cast the spell: a 30-ft aura around you.
2. At the start of each of your turns, you heal one creature in the aura.
3. 2d6 HP per heal.
4. Concentration, 1 minute.

⚠ Change from 2014

In 2014, the healing was a Bonus Action each turn. In 2024, it happens **at the start of your turn**, with no Bonus Action.

⚠ Flaw in the rule and fixes Table rule

The text doesn't say whether you can heal a creature at 0 HP or whether healing is automatic. Fix: stick to the text (one creature in the aura, 2d6 HP).

💡 Narrative option: Table rule

The DM can describe a golden glow radiating from the caster, wounds closing, faces relaxing.

Step 1 – Cast:

Action. The 30-ft aura surrounds you (concentration).

Step 2 – First heal:

When you create the aura: you can restore 2d6 HP to one creature in it.

Step 3 – Later heals:

At the start of each of your turns while the aura persists: 2d6 HP to one creature in it.

Step 4 – End:

End of concentration or after 1 minute.

Example: Hugo (Paladin) casts Aura of Vitality. He heals the archer at 2 HP: 2d6 = 7, so she goes to 9 HP. Next turn, he heals the cleric at 10 HP: 2d6 = 8.

⚠ Debate points and table options: Table rule

A creature at 0 HP that regains HP stands up. **Option**: allowed; or another heal is needed.

Bonus Action healing

Healing no longer needs a Bonus Action. **Option**: follow the text; or limit to once per round.

Multiple auras

Do several auras stack on one creature? **Option**: each caster heals independently.

Power

2d6 per turn for 1 minute. **Option**: keep as is.

⚠ Rule clarifications (answers found on the web, reworded):

Ending the spell

The caster can voluntarily end a spell that isn't instantaneous.

Concentration: range and sight

To keep concentrating, you don't need to stay in range or keep the spell in sight, unless the spell or another feature says so.
