Level 4 – Abjuration
Casting Time: Action · Range: 30 feet
Components: V, S, M (a pentacle) · Duration: Concentration, up to 1 minute
Classes: Cleric, Paladin, Sorcerer, Warlock, Wizard

You choose a creature you can see within 30 feet. It must succeed on a **Charisma saving throw** or be sent to a **harmless demiplane** for the duration. There it has the **Incapacitated** condition. When the spell ends, it returns to the space it left, or the nearest unoccupied space.

Exception: if the target is an Aberration, a Celestial, an Elemental, a Fey, or a Fiend, it doesn't return if the spell reaches its maximum 1-minute duration: it is placed in a random location on a plane tied to its creature type, chosen by the DM.

Higher-level slot: you can target one additional creature per slot level above 4.

🎲 Quick summary:

1. You target a visible creature within 30 ft.
2. Charisma save.
3. Failure: sent to a demiplane, Incapacitated.
4. End: it returns (except Aberration, Celestial, Elemental, Fey, or Fiend after 1 minute).

⚠ Flaw in the rule and fixes Table rule

The text leaves the DM to choose the destination plane for a creature native to another plane. Fix: the DM announces before the game how he chooses that plane.

💡 Narrative option: Table rule

The DM can describe a silent pop, a silhouette fading, an empty space.

Step 1 – Choose the target:

A creature you can see within 30 ft.

Step 2 – Charisma save:

The target makes a Charisma save against your spell save DC.

Step 3 – Failure: banished:

It is sent to a harmless demiplane, Incapacitated.

Step 4 – Return:

When the spell ends, it returns to its place, except an Aberration, Celestial, Elemental, Fey, or Fiend if the spell lasted 1 minute.

Example: Maëlle (DC 15) banishes an ogre: Charisma 6 against 15, a failure. It disappears for the duration. An imp banished for a full minute doesn't return.

⚠ Debate points and table options: Table rule

Creatures from another plane

After 1 minute, the creature is placed on a plane tied to its type. **Option**: the DM chooses the plane; or it goes back to its home plane.

Concentration

If concentration breaks, the spell ends and the target returns. **Option**: keep it.

Return to the space

If the place is occupied, it appears in the nearest unoccupied space. **Option**: keep it.

Several targets

A higher-level slot allows several targets. **Option**: all within range.

⚠ Rule clarifications (answers found on the web, reworded):

Concentration: range and sight

To keep concentrating, you don't need to stay in range or keep the spell in sight, unless the spell or another feature says so.
