Level 2 – necromancy
Casting time: **action** · Range: **120 ft** · Components: **V** · Duration: **1 minute**

You choose a creature you can see within range. It makes a **Constitution save**; on a failure, it is **Blinded or Deafened** (your choice) for the duration. At the **end of each of its turns**, it repeats the save; a success ends the spell.

Using a Higher-Level Spell Slot: with a level 3 or higher slot, you can target **one additional creature** for each slot level above 2.

🎲 Quick summary:

1. Visible target, **Constitution** save.
2. **Blinded or Deafened**, caster's choice.
3. New save at the end of each turn.
4. Higher slots: **+1 target** per level.

⚠ Change from 2014

SRD 2024 keeps the effect but ties it to the Blinded and Deafened conditions (see the conditions sheet).

⚠ Flaw in the rule and fixes Table rule

The spell doesn't say whether several creatures can be targeted without a higher slot. Fix: one target at level 2.

💡 Narrative option: Table rule

The DM can describe the target clapping hands to eyes or ears.

Step 1 – Choose the target:

A creature you can see within 120 ft.

Step 2 – Choose the effect:

Blinded or Deafened.

Step 3 – Save:

Constitution; failure: chosen condition for 1 minute.

Step 4 – Repeat save:

At the end of each of its turns, the target can repeat the save to end it.

Step 5 – Higher slots:

+1 target per slot level above 2.

Example: Elora blinds an ogre (failed Constitution save). It attacks with Disadvantage, and attacks against it have Advantage.

⚠ Common questions:

Can I target two creatures?

Only with a level 3 or higher slot.

Who chooses the condition?

The caster.

How do I free myself?

Constitution save at the end of each turn.

Must I see the target?

Yes.

Blinded: what effects?

See the conditions sheet.

Deafened: what effects?

Can't hear, fails hearing checks.

⚠ Debate points and table options: Table rule

Combat

Can a blinded creature attack?
Option: yes, with Disadvantage.

Healing

Does healing remove it? **Option**: no, unless a specific spell.

Already blind target

Targeting a blind creature: no extra effect. **Option**: keep it.

⚠ Rule clarifications (answers found on the web, reworded):

Blinded

It loses sight: Disadvantage on attacks, Advantage against it.

Deafened

It can't hear: fails checks needing hearing.

Higher slot

+1 target per level above 2.

These points remain open to discussion: your feedback is welcome to refine this sheet.
