# SITE RULES – PRINCIPLES

These rules are the **permanent reference** for creating and publishing the site's sheets. They rest on the official licenses and on our research. **This document is not legal advice**: when in doubt, ask a lawyer or Wizards of the Coast.

## Principles:

1. **Status:** the sheets are **unofficial**, **free**, and **compatible with 5E (2024 rules)**. They are neither approved nor sponsored by Wizards of the Coast.
2. **Basis:** the rules text comes from **SRD 5.2.1**, published under the **CC BY 4.0** license. Main source: the official French version (Document de Référence du Système 5.2.1).
3. **Compatibility wording:** "compatible 5E (règles 2024)" or "compatible with fifth edition". **No other mention** of Wizards may be added (check the SRD legal page).
4. **Trademarks:** no logo, and no "Dungeons & Dragons" or "D&D" in a title. Titles take the form "Initiative (5e, règles 2024)" in French and "Initiative (5E, 2024 rules)" in US.
5. **Author's creations:** borders, banner, texture, titles, layout, table rules, and examples are **homebrew**: © Jaja, all rights reserved (or a license chosen by the author).

## ⚠ Mandatory notices on every sheet:

### 1. SRD notice (exact text, in English):

*This work includes material from the System Reference Document 5.2.1 ("SRD 5.2.1") by Wizards of the Coast LLC, available at https://www.dndbeyond.com/srd. The SRD 5.2.1 is licensed under the Creative Commons Attribution 4.0 International License, available at https://creativecommons.org/licenses/by/4.0/legalcode.*

Copy this text from the official SRD legal page and check that it has not changed before each publication.

### 2. "Unofficial sheet" block (in French, on both the FR and US versions):

*Fiche non officielle, compatible 5E (règles 2024), ni approuvée ni parrainée par Wizards of the Coast. Les règles proviennent du SRD 5.2.1 ; lorsque le SRD n'apporte pas de réponse, les explications reposent sur notre propre interprétation. Les parties « Règle de table » sont des créations de l'auteur.*

### 3. Placement:

In **small print at the very bottom of the last page** of every PDF (no dedicated page), and on the site's "Legal notices" page.

# SITE RULES – LABEL AND SOURCES

## One label only on the sheets: “Table rule”

Only the author’s creations carry a visible label: **Table rule**. It appears at the end of a title or paragraph, never on SRD content. The sheets show **no other label** (no “SRD”, “Interpretation”, or “To check”), and **no “Source” column** in tables.

The general rule is stated **once**, in the notices block at the bottom of the last page: the rules come from SRD 5.2.1; where the SRD gives no answer, the explanations rest on our own interpretation.

## Internal tracking (never on the sheet):

| Status | Meaning and what to do |
|---|---|
| **SRD** | Rule present in SRD 5.2.1, reworded in our own words (never copied). |
| **Table rule** | The author’s creation. The only published label. |
| **Interpretation** | A deduction from our research with no official text confirming it. Publishable, without a label. |
| **To check** | Unconfirmed information. **Never stays on a published sheet**: confirm it in the SRD or remove it. |
| **Outside SRD** | Content from another book: remove it, or handle it separately (see below). |

## Allowed sources:

- **Main source:** SRD 5.2.1, official French version.
- **For cross-checking:** sites such as AideDD, without copying their texts. French names come from the SRD; otherwise the name is confirmed before publication.
- **Do not copy:** verbatim text from a non-SRD book, non-SRD tables or monsters, excerpts from blogs, forums, or social networks.
- **Sage Advice (official answers):** we reuse the **clarifications**, always **reworded in our own words**, in the “Q&A and debate” part (section “Rule clarifications (answers found on the web, reworded)”). Never copied, and nothing outside the SRD. **Xanathar and non-SRD Dungeon Master’s Guide:** not reused; an equivalent table rule may be written in our own words.
- **Another author’s homebrew:** written agreement, or a complete rewrite with a different system. The original author is always credited.

## Non-SRD content (handled separately):

Wizards allows free fan content through its *Fan Content Policy*, but this permission is **revocable** and allows neither copying nor selling. If a sheet keeps non-SRD content: separate block, labeled **Outside SRD**, with the current policy notice. **The safest course is to do without.**

**Watch feats, subclasses, features, spells, and items:** the SRD contains only part of those in the Player’s Handbook (one subclass per class, for instance). Before citing one, find it in the SRD. Examples: the *Skulker* feat and the *Arcane Trickster* subclass are not in it and were removed from the sheets.

# SITE RULES – TEMPLATE AND PUBLICATION

## Sheet template (same operation everywhere):

- **Pages, in this order:** Description, How to play, Tables and Use cases (skills), then **Q&A and debate**: questions and answers, debate points (Table rule), and rule clarifications are **merged on a single two-column page**. No "Notices" page. Same page count in FR and US.
- **Skills:** the default ability, the other possible abilities, and the use cases that lead to others.
- **Fixed sections:** Quick summary, Change from 2014, Flaw in the rule and fixes, Narrative option, worked example.
- **Condition box:** when a sheet relies on a condition (Invisible, Prone...), a box at the bottom of "How to play" summarizes it. Readers need not open the conditions sheet.
- **Languages:** French version first, then the US version with the English SRD terms.
- **Footer:** "Le Grimoire de Jaja - [subject]", with the subject in the PDF's language (Discrétion in FR, Stealth in US).
- **Style:** parchment, red border, formal address ("vous" in French). Examples name characters (Brann, Mira) in the third person.

## Notices block of every PDF (bottom of the last page, small print):

- **Legal notices:** exact SRD notice, "unofficial sheet" block, © Jaja line.
- **Sources and checks:** rules source, cross-checked terms, rule clarifications cross-checked with answers found on the web and reworded, invented examples, last revision date.
- **Credits:** borders, banner, texture; TeX Gyre Pagella font (GUST license); DejaVu Sans (free license); Noto Color Emoji (OFL license).

## Donations and publication:

1. The site is **free**: no paid sheet, no locked content, no mandatory sign-up.
2. **Donations** unlock no function and no content. SRD content stays freely accessible.
3. **No sale** of sheets containing non-SRD content or another author's work.
4. A **"Sources and method"** page lists the sources, the SRD version (5.2.1), the update date, and the contact.
5. A **"Credits"** page lists fonts, icons, and visuals, with their licenses.
6. A **"Corrections"** page lets readers report an error. If Wizards changes its policy or a rights holder asks for removal, the sheet is **corrected or removed without delay**.

# SITE RULES – WRITING AND CHECKS

## Writing:

- **French names:** those of the SRD. Confirmed terms: Furtivité (Hide), Observation (Search), Soutien (Help), Étude (Study), Utilisation (Utilize), Influence (Influence), Visibilité nulle (Heavily Obscured), Invisible (Invisible), Dissimulé (Concealed), Abri supérieur (Three-Quarters Cover), Abri total (Total Cover), Désengagement (Disengage), Représentation (Performance), Tromperie (Deception), Escamotage (Sleight of Hand), Roublard (Rogue), Ruse (Cunning Action), Voleur (Thief), Mains lestes (Fast Hands), Savoir-faire (Reliable Talent). Any other term is confirmed before publication.
- **20 and 1:** standard wording: “on an ability check, a 20 or a 1 has no special effect”. Never write that they “matter only on attack rolls”.
- **Action or skill:** do not restrict it to combat unless the SRD does.
- **Units:** in FR, 1 foot = 30 cm and 1 lb = 0.5 kg; in US, feet and pounds. Both versions give the same values.
- **Worked examples:** invented, recalculated by hand or by script before publication.

## Checklist before publication:

☐ The exact **SRD notice** is at the bottom of the last page (copied from the official page), legible despite the small size.
☐ The **“unofficial sheet”** block is up to date.
☐ Only the **“Table rule”** label appears; no “Source” column.
☐ No logo and no “D&D” in the title; title in the form “Subject (5E, 2024 rules)”.
☐ No copied text and no non-SRD content (feats, spells, features checked in the SRD).
☐ French names confirmed; no “to confirm” or “To check” left on the sheet.
☐ DCs, formulas, and examples checked and recalculated.
☐ FR and US identical: pages, values, structure; footer in the right language.
☐ Rendering reviewed page by page: nothing cut off, tables readable, notices at the bottom of the last page without overlap.
☐ Credits up to date; donations unlock nothing.

## Mistakes already met (never again):

- “D&D” in titles; SRD and “unofficial” notices missing.
- Labels and a “Source” column everywhere, which weighs the pages down.
- A non-SRD feat (Skulker) cited as a rule; unverified claims left unchecked.
- US footer left in French; FR and US sheets with different layouts.
