Table rule – Chases · adapted from SRD 5.2.1

SRD 2024 contains no **chase** rules. This sheet offers a simple one: track the **gap** between pursuer and quarry, use **Dash** and handle **fatigue** with Constitution saves.

🎲 Quick summary:

1. The **gap** is counted in feet.
2. Each round: movement + **Dash** possible.
3. Free Dash **3 + Con mod.** times, then **DC 10 Con**.
4. End: **large gap** or quarry **out of sight**.

⚠ Change from 2014

SRD 2024 has no chase rules: this is a table rule inspired by 2014.

⚠ Flaw in the rule and fixes Table rule

No official rule here. Fix: keep the same checks (Athletics, Acrobatics, Perception) as the rest of the game.

💡 Narrative option: Table rule

The DM can describe the narrow alley, overturned stalls and the crowd parting.

Step 1 – Starting gap:

Set the starting distance (e.g. 30 ft).

Step 2 – Move:

Each side moves by its Speed; the gap changes.

Step 3 – Dash:

You can Dash without limit, but beyond 3 + Con mod. times, Con DC 10 or 1 exhaustion level.

Step 4 – Complication:

Each round the DM draws an obstacle (see table).

Step 5 – End:

The quarry escapes if the gap exceeds twice the pursuer's Speed, or if it is out of sight and passes a Stealth check.

Example: Ilsa (Speed 30 ft) flees a goblin (30 ft) with a 30-ft lead. She Dashes: the gap becomes 60 ft. The goblin Dashes too: 30 ft.

d6	Complication	Check
1	Dense crowd	Strength (Athletics) DC 10 or slowed
2	Low obstacle	Dexterity (Acrobatics) DC 10
3	Slippery ground	Dexterity DC 10 or Prone
4	Narrow passage	Dexterity (Acrobatics) DC 12
5	Dead end	Strength (Athletics) DC 13
6	Clear path	No check
