Downtime – Crafting items · SRD 5.2.1

A character **proficient with the right tool** can craft a **non-magical** item. You need **raw materials** worth **half the price** of the item, and time equal to the price in GP divided by **10** (in 8-hour days).

🎲 Quick summary:

1. Materials: **½ of the price**.
2. Time: **price (GP) ÷ 10** days.
3. You need the **tool** and its **proficiency**.
4. **One** helper (the DM may allow more).

⚠ Change from 2014

SRD 2024 simplifies 2014 crafting: a time in days rather than 5 GP of work per day.

⚠ Flaw in the rule and fixes Table rule

The SRD doesn't say what happens if work is interrupted. Fix: time already spent is kept.

💡 Narrative option: Table rule

The DM can describe the workshop: sparks, shavings, the smell of leather.

Step 1 – Pick the item:

It must be nonmagical, with a price in GP.

Step 2 – Tool:

You must be proficient with the required tool; so must the helper.

Step 3 – Materials:

Spend half the item's price.

Step 4 – Time:

Price ÷ 10, rounded up to a day, at 8 hours per day.

Step 5 – Deliver:

At the end, the item is made, ready to use or sell.

Example: Brann forges a heavy crossbow (50 GP): 25 GP in materials, 5 days of work.
